Kerosene Down One Cent

The kerosene price of Oklahoma was marked down one cent per gallon by the Standard of Indiana, of all the dozen states controlled by it, and the afternoon paper had it that gasoline was down.

The war in price is justified, on account of the great quantity of kerosene on the market, caused by reason of gasoline manufacturers this season, that naturally follows that there is a large percentage of kerosene also.

The Freight Question Again

The mid-continent field is actually suffering on account of the advance in freight rates, is becoming more apparent every day, and not only that, but the railroad companies that have been hauling trainloads from western points, are also losing a lot of business that has paid a higher percentage of profit than any other freight handled by any railroad anywhere.

E. E. Schook, while still enjoying a much better position, was in town yesterday, and will sometime in the near future take up the matter of long hauls with the various presidents of the railroads, and when he does, the refiners in the mid-continent field can rest assured that there will be something doing, and that at once.

When the four and a half cent advance was added during the war, Mr. Schook, having a refinery at East St. Louis, was naturally badly hurt. It added four and one-half cents per hundred pounds to every shipment, no matter how short the distance, and his trade had been
